Dear Hiring Manager,

I am thrilled to submit my application for the Visual Presentation Associate position at Harry Rosen. With the upcoming re-opening of the Oakridge location, it is an incredibly exciting time to join the team. As a creative professional with a Bachelor of Fine Arts in Sculpture and a deep passion for visual storytelling, I am eager to bring my "Maker's Mindset" to your visual presentation team and contribute to the exceptional luxury menswear experience that Harry Rosen is renowned for.

The requirement for a background in building, crafting, and installing props aligns perfectly with my academic and professional journey. My BFA in Sculpture has equipped me with a strong foundation in 3D spatial design, material handling, painting, and set construction. I am highly comfortable working hands-on to conceptualize, build, and install creative displays and seasonal window props that capture attention and elevate the retail environment.

Furthermore, my experience as the Founder and Project Lead of an AR content startup, Epispace, honed my ability to execute visual concepts in fast-paced settings. Whether designing and setting up physical promotional booths at local events or analyzing current trends to adapt our visual assets, I have consistently demonstrated a strong sense of urgency, attention to detail, and a commitment to high-quality aesthetic presentation. I thrive both working independently and collaborating within a team to ensure all table merchandise is appropriately displayed and brand standards are meticulously maintained.

Growing up alongside a mother who ran her own clothing boutique, my deep appreciation for fashion and engaging retail environments was instilled in me from a very young age. Today, I remain highly engaged in menswear trends, aesthetics, and craftsmanship. I am excited by the opportunity to translate that lifelong passion into compelling visual stories for your store displays, mannequins, and windows. I am available for an immediate start and would welcome the chance to bring my artistic vision and dedicated work ethic to the new Oakridge location.

I have attached my resume and a link to my portfolio showcasing my spatial design and crafting work. Thank you for your time and consideration. I look forward to the possibility of discussing how my unique background can support Harry Rosen's visual excellence.

Sincerely,

Sooryun Yoon
